### ABOUT THE ARTISTS

"If this is any indication of what Old Crow Medicine Show still has in store so many recordings in its career, we should count ourselves lucky." – NPR Music

**Old Crow Medicine Show** started out busking on street corners in 1998, from New York state and up through Canada, winning audiences along the way with its boundless energy and spirit. The band eventually found itself in Boone, North Carolina where it caught the attention of folk icon Doc Watson while playing in front of a pharmacy. He invited the group to play at his festival, MerleFest, and the rest is history. It's been over twenty years since these humble beginnings. The band has gone on to receive the honor of being inducted as members of the Grand Ole Opry and has won two Grammy® Awards: Best Folk Album for *Remedy* (2014) and Best Long Form Music Video for *Big Easy Express* (2013). Additionally, its classic single, "Wagon Wheel," received the RIAA's Double-Platinum certification in 2019 for selling over 2,000,000 copies, while the band's debut album, *O.C.M.S.*, has been certified Gold (500,000 copies). The band's latest Grammy®-nominated album, *Jubilee*, was released in 2023 via ATO Records.
